## ***Crafted Stillness — Fall/Winter 2026***

*A poetic wardrobe of soft power and quiet elegance*

*ZIMISM is a London-based designer brand, weaving western and eastern cultures and aesthetics into a quiet, poetic wardrobe. Crafted Stillness explores the dialogue between clothing and inner strength, rooted in craftsmanship and inspired by architecture, interiors, and spaces shaped by stillness and time.*

*The collection inhabits the space between strength and gentleness, precision and restraint. Each garment carries quiet confidence, every detail reflecting care, intention, and a thoughtful balance of heritage and contemporary reinterpretation.*

*Within a shadowed calm, light sculpts both body and garment. Knit, leather, and delicate embroidery negotiate protection and ease, while layers shift subtly and details emerge in passing. Crafted Stillness embodies meditative presence—a wardrobe of enduring elegance, where quiet strength and refined grace converge.*
