SPRING 2026

SPRING 2026

The CHARLES & KEITH Spring 2026 Collection unfolds as a celebration of renewal and romantic whimsy. The season opens with occasion capsules designed for moments of joy and connection — from the Lunar New Year lineup, filled with festive red tones and playful motifs, to the Valentine's Day edit, where heart-shaped accents and bow details evoke a tender, feminine charm.

Leading into the heart of spring, the Blossom Capsule takes centre stage with the exclusive Mabel series, perfectly paired with coordinating shoes. Embellished with floral appliqués and vine-inspired straps, these designs capture the light, carefree energy of spring. At the forefront of the season, the Delfina bag anchors the collection — its fluid, hook-and-chain silhouette reimagines classic elegance with a touch of modern edge, embodying a new kind of sophistication for the contemporary woman. Delicate yet striking, the capsule reinterprets timeless shapes in soft hues that radiate freshness, embodying the season's spirit of new beginnings and effortless elegance.

ON CAMPUS

The CHARLES & KEITH Winter 2025 collection explores femininity through sculptural forms and rich textures. This season's accessories are designed to empower - whether you're embracing nostalgia or stepping into the unexpected. Leading the collection is the Britton bag, embracing the Y2K revival through intentional detailing. The Cesia line returns with a fresh hobo style, with a suede fringe variation, adding a playful, bohemian twist to an otherwise sophisticated icon. Completing the winter wardrobe are the Winona Mary Jane Flats — a soft, knitted take on a classic Mary Jane.
