

# LONDON FASHION WEEK

19-23 FEBRUARY 2026

## EDITION\_004.1 *A Flight of Fancy*

For London Fashion Week February 2026, APAR presents a short film by director duo Hannah Coen & Sophie Stalder, continuing an exploration of duality through the diptych, or split-screen. Objects from the designer, Adam Rice's, personal collection are interwoven with his sculptural designs, unified by form rather than narrative.

In this Edition, APAR revisits its core collection, transformed through subtle styling interventions. Feathers and feathered accessories simultaneously introduce movement, texture, and sensorial lightness, infusing the collection with a mood of austere frivolity whilst retaining the hallmarks of APAR's aesthetic: sharp silhouettes set against soft, minimal drapery, culminating in a clean, considered, and sophisticated shared wardrobe.
